

Matching Game Tutorial

Welcome to the Matching Game! This tutorial will guide you through the steps to play the game.

1. Launch the Game

When you open the game, you'll see the main menu with the following options:

- **Game Levels:** Begin a new game by selecting level.
- **Leaderboard:** View the top scores.
- **Exit:** Close the game by clicking on x button on the top on Windows or red circle on Mac.

2. Difficulty Level

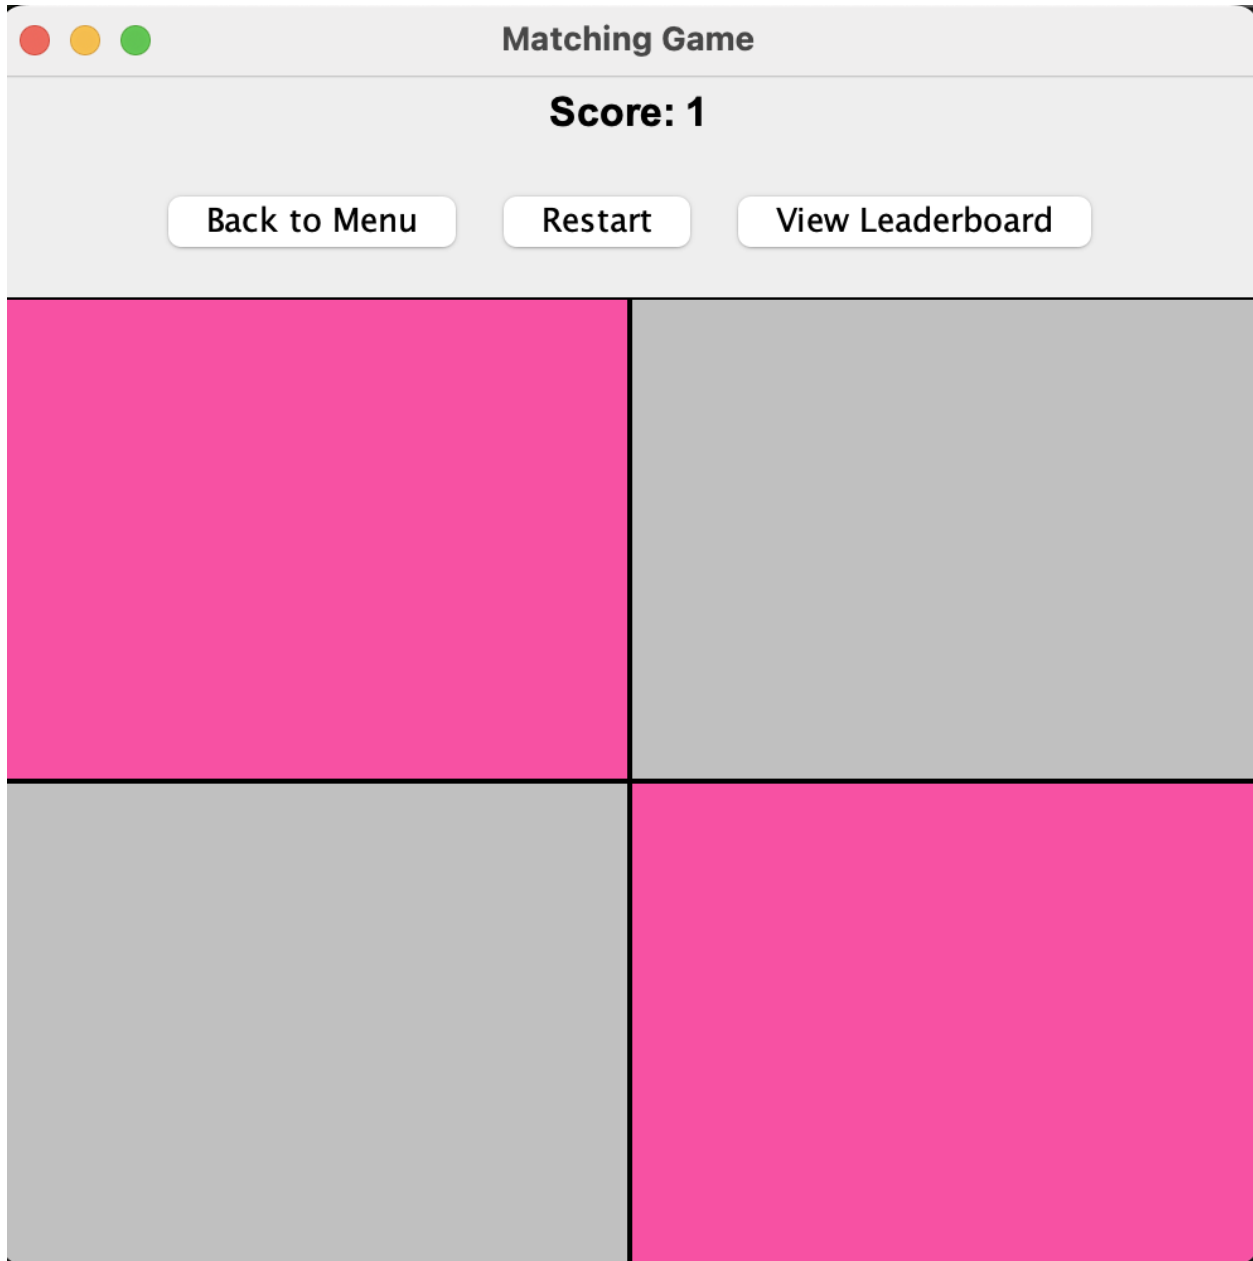

After selecting **Start Game**, you will be prompted to choose a difficulty level:

- **Easy:** Fewer tiles
 - **Medium:** Moderate number of tiles
 - **Hard:** More tiles
-

3. Game Board

Once you select the difficulty, the game board appears:

- It consists of a grid of tiles.
- Each tile conceals an color.
- Your task is to find and match pairs of identical colors by flipping the tiles.

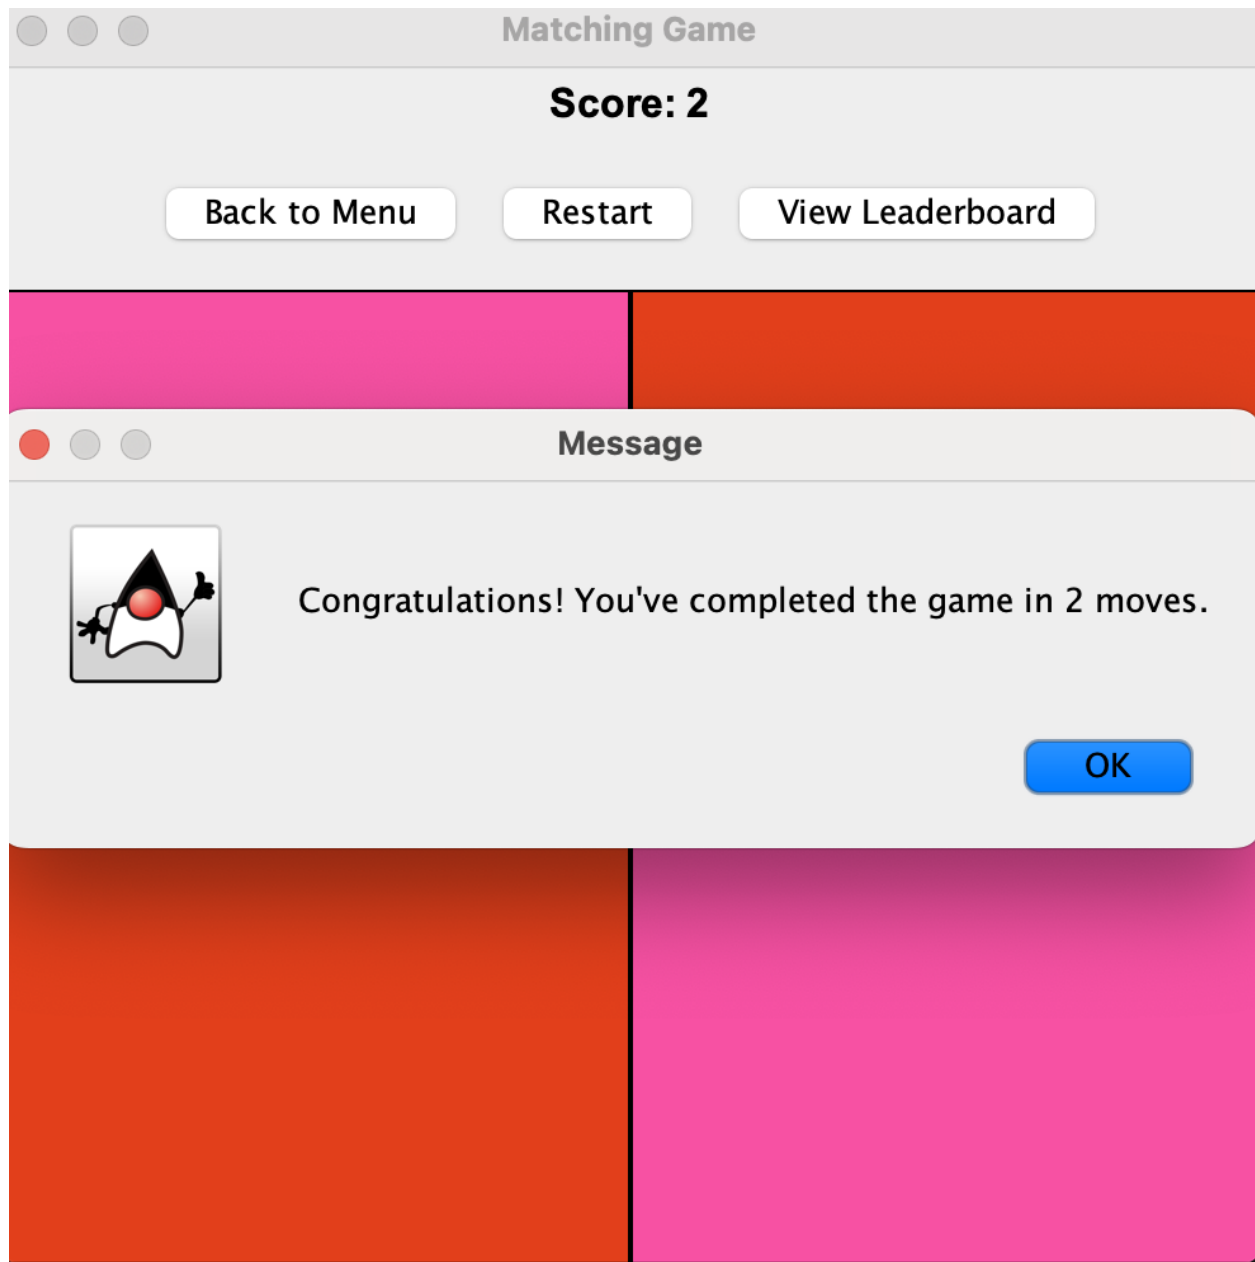

4. Gameplay Instructions

1. **Click on a Tile:** This reveals the color beneath it.
 2. **Match Tiles:** Select another tile to try and find its pair.
 - If the color match, they remain uncovered.
 - If they don't match, the tiles flip back.
 3. **Score:** Your score increases with each successful match
-

5. Game Over Screen

When the game ends, you'll see the **Game Over Screen**:

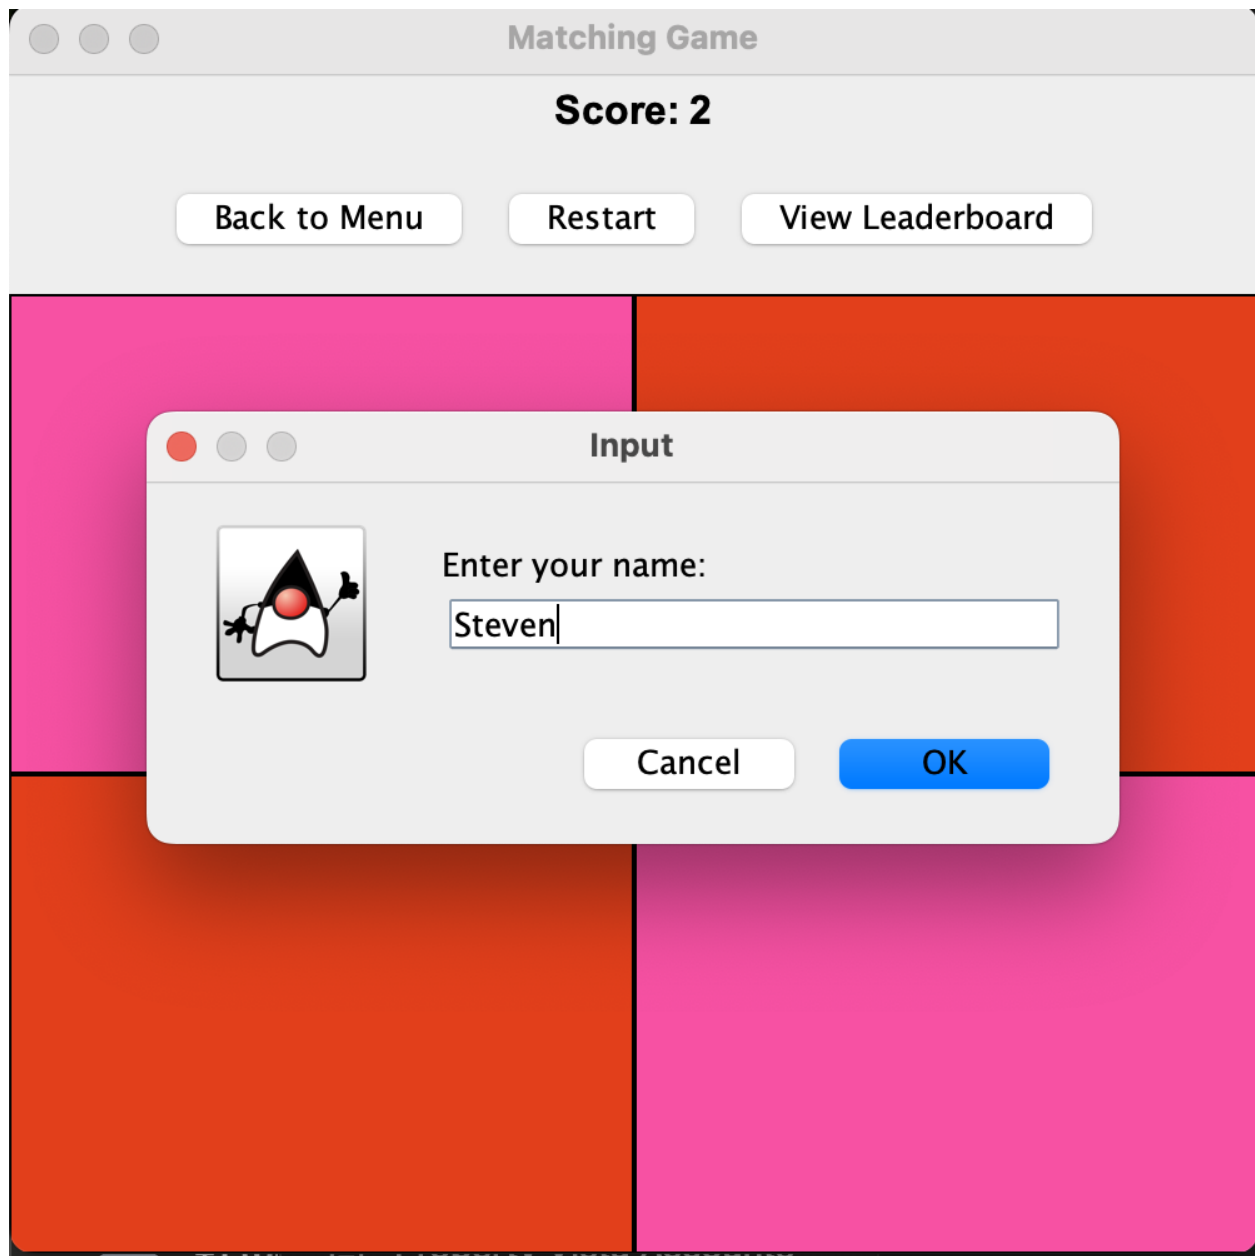

- It displays your final score.
- Options include:
 - **Restart:** Play the game again with the same settings.
 - **Back to Menu:** Return to the main menu.

6. Save Your Score

If you achieve a good score, you'll be prompted to save it:

1. Enter your name.
2. Your score is saved to the leaderboard

7. Leaderboard

Open the leaderboard from the main menu to view the top scores for each difficulty level. Compare your progress with other players.
